Mayfield Village, OH 44143

Dear Mr. Panzica:

It is with great pleasure that I forward this letter to you and your organization on behalf of the citizens of Elyria. Your recent work as general contractor for the Elyria Police Department facility was an outstanding effort. Since taking office in 1980, I believe that this job was one of the most efficiently run projects Elyria has undertaken. That is a credit to your organization and the subcontractors who worked under your direction.

The citizens of Elyria can be proud of this facility for many, many years. This soundly constructed structure, which met all budget constraints, will serve the Police force and community for future generations.

Very truly yours,

Michael B. Keys  
Mayor, City of Elyria
