Dear Tim:

On behalf of the Village of Valley View, I would like to thank you and your entire organization for the great job you did in managing the construction of our new Community Center. After the successful collaboration of the Community Center we were enthusiastic in retaining your services again for the construction of our Service/Recreation facility.

Your project manager Brian was always available to answer questions and deal with any situations that arose. The administration appreciated your monthly status reports, the cost control summary, the updated change log and the executive summary of construction progress. These reports kept everyone fully informed about all aspects of the projects. Both projects were completed on time and within budget.

The Village of Valley View has enjoyed working with your company and we look forward to working with you again on future projects.

Sincerely,

Arthur F. Westfall
Mayor
